OMEN-CLASS MONSTERS, a rogue interdimensional spatial-entity has attached itself to DIVISION HQ. Designated the "Parasitic Library," the entity has begun siphoning off valuable intel from the archives leaving voids in DIVISION's key records relating to already contained Doors of the apocalypse. HARBINGER-CLASS MONSTER involvement is suspected behind this security breach. Should whoever brought the Library to DIVISION recover the siphoned information from within the Library, they will be armed with the knowledge needed to unlock those Doors. Find out who or what led the Library here and dislodge it from DIVISION before these apocalypses have a chance to be unleashed and the Harbinger claims ASCENSION.
